PRINCIPAL'S REPORT

Current School Operations

Thank you for your support of education during these challenging times. We look forward to continuing to work together and will provide further information around Term 2 once that is available.

For the remainder of Term 1, online learning is available through the Department of Education 'Learning at Home Hub' and a hard copy unit of work has been provided for each student.

https://education.nsw.gov.au/teaching-and-learning/curriculum/learning-from-home

Our School will be using the online platform Seesaw. Information is included in the link below so you can become familiar with the site. To begin with all classes will engage with Welcome Activities and tasks to develop skills using the app. We will build this up to their daily, individualised class programs for Term 2 if required at the time.

https://web.seesaw.me/

These following educational activities often occur at school and can be completed at home.

    Reading with/to children
    Writing – students could write in a diary each day/be given a picture to write about
    Maths – counting/adding/take away/sequencing
    Drawing/craft
    Physical education – dance/yoga/sport skills
    Puzzles/games
    Cooking
    Gardening/play in the backyard
    Jobs around the school/house
    Dramatic play

During this time we hope that families can prioritise quality time together.

Our teachers are working hard to create quality teaching and learning resources to be accessible in an engaging online platform to begin Term 2. We are very excited to launch this with you.

Canteen Operation

Due to exhausting stock levels in the canteen our canteen will now be closed from Monday 30 March 2020. We will advise canteen operations for Term 2 when information is available.

Take care of yourselves and each other,

Aimee Vincent
Principal
